gan was enshrined there. The Morgan flies the flags of all the New Bedford whaling houses. This is July 26, 1926. The Morgan was exhibited at the Colonel Green estate until she was torn loose and battered by the 1938 hurricane. She is now enshrined at Mystic, Connecticut where she has recently been completely rebuilt to keep her sound. The Morgan is the last surviving New Bedford wooden whaler and earned more money in the trade than any other ship.

present and future educational programs and instructional services at the Old Rochester Regional High School and the new Junior High School and the planned in advance coordination of learning at both schools has prompted the Old Rochester Regional District School Committee to conduct an in-house, exhaustive study of our current practices in administration and to relate the findings to a more comprehensive program of administration that can best serve this District immediately and at such time when the District possesses two schools to operate.

This study was undertaken with two basic assumptions: a. better educational services, and, b. consideration for costs.

In the area of better educational services, it should be noted that food services, use of common facilities such as the auditorium, custodial supervision, health services and guidance services will be undertaken and managed by persons already employed at the Old Rochester Regional High School. So as to insure coordination between the auxiliary and educational services, the Committee concluded that one principal for both schools should be retained.

So as to make certain that the individual schools with their specific and individual problems each care for these problems, the Committee concluded that Directors of Administration for each school should be employed and that the services of assistant principals, as currently practiced, be abolished. In terms of economy, this practice alone eliminates the need for at least one administrative position particularly if each school operated independently.

Since the inception of the Old Rochester Regional High School, the management practices of curriculum development and supervision of teachers within a given discipline of study has been vested in the hands of Department Heads for the various disciplines. At Old Rochester Regional High School, departments in the following disciplines existed: Art, Business, English, Home Economics, Industrial Arts, Language, Mathematics, Physical Education, Science, Social Studies

Heads (teachers with management responsibilities) meant that to already busy teachers. the duties of supervision and curriculum development could not be practiced on a full time, regular and daily basis.

In the new model of administration, two full time persons have been retained to carry on the individual and specific functions of curriculum development and supervising. The new positions will be known as the Director of Curriculum and the Director of Instruction, respectively. These people will oversee the development of curriculum and instruction in both schools. It is anticipated that a greater degree of coordination will be realized from this arrangement and that the net cost to the District will be about the same.

It is with sincere pleasure that the Old Rochester Regional District School Committee and the Superintendent of Schools announce the appointments of those persons who have been retained to carry on the duties and functions in this new model of administration:

COMMITTEE TO STUDY MOSQUITO CONTROL

A special committee to study mosquito control, appointed by the Mattapoissett Board of Selectmen, is comprised of Patricia Baggerly, temporary chairman; Roxanne Bungert, Lois F. Doninger, Dr. Dora R. Rosenfield, George Heinz and Michael J. Hickey.

Raceway Hearing

People in the area, who are interested, should note the date of Friday, September 3rd, has been set for a public hearing on the proposed raceway in Rochester. The hearing is at 7:45 P.M. at the Rochester Memorial School. Since the watershed of 3 towns is involved, people in these towns will want to find out about the plan in detail and ask questions.

Three Corinthians were entered, but due to the mishap of a ripped sail, one was withdrawn. What followed was a hard fought match race between Art Blackburn's Lorelei and Bill MacLean's Escape. Although Lorelei led at the start, Escape soon began to close the gap. At mid-point of the first leg, they were bow to bow, and the battle was on. Throughout the second leg, also, the competition was extremely keen, neither boat seeming to gain the advantage at the next marker. However, Lorelei edged ahead, and, continuing to gain the rest of the way, chalked up a 32 second victory over Escape.

The fleet of nine Beetle Cats sailed the same course that had been assigned to the Corinthians.

Again trading positions on the way to Ned's Point MYC guide buoy, Swamp Fox assumed command by a margin of 5-boat lengths. However, on the home stretch, as they tacked for the finish line, Pentleton lost the initiative and Joan Darrah won by four seconds. Susan McGowan was third.

SATURDAY SENIOR RACES

On August 21st, under sunny skies and ideal sailing conditions, MYC scheduled the weekly Saturday Senior Races, a double header in two classes.

A steady 10-15 mile wind sped the six Corinthians on their way to Mattapoisett Neck MYC guide buoy, to Ned's Point MYC guide buoy, to Gallatin Rock Black Can 3, and finish, for their first race.

Jimmy Barnes, skippering Lorelei, made an excellent start and topped the Corinthian competition. The contest for the

second and third spot, on the other hand, with its photo finish ending, was quite a different story. Harvey Pentleton in Lulu was second until the third leg, when Billy Mee in Irish Eyes came from behind. It ended with a luffing match, with Pentleton astern at the finish line by only six inches.

In the second race, the Corinthians went to Ned's Point MYC guide Buoy, to Crescent Beach MYC guide buoy, to Gallatin Rock Black Can 3, and finish.

Winning the starting duel, Tom Clark in Instead was hard pressed by Billy Mee's Irish Eyes and Jimmy Barnes' Lorelei throughout the first leg, and finally dropped behind, after rounding the Ned's Point MYC guide buoy marker. It was Billy Mee, Tom Clark and Jimmy Barnes, in that order, the rest of the way, with Tom Clark challenging at the end. Billy Mee Crossed the line to win by a margin of only one second.

The large fleet of 11 Beetle Cats sailed

first to Mattapoisett Neck MYC guide buoy, to Ned's Point MYC guide buoy, to Sunken Ledge Black Can 5, and finish; and then to Mattapoisett Neck MYC guide buoy, to Crescent Beach MYC guide buoy, to Sunken

Capeway League

It will be Fish on the Wharf against the Rochester Men's Club in the best three-out-of-five Capeway Softball League final series. The Fishermen eliminated Linhares' Construction 13 to 5 last Wednesday, while Rochester dropped league titlist Capeway Cafe out of the play-offs Sunday 5 to 3. Opening game of the Fish on the Wharf-Rochester set is Wednesday at 6 at Center School field. Play will continue Sunday, also at Center School field at 5:30.

Both Fish on the Wharf and the Rochester Men's Club came from behind in their respective series to earn finals' berths. The Fishermen lost their opener 9 to 1, then came back to post 20 to 5 and 13 to 5 wins with Jim Macomber hurling the triumphs. After losing 11 to 9, and tying 9 to 9, Rochester, behind Tony Costa's clutch pitching, won 11 to 10 and 5 to 3. Rollie Mar-

Town of Rochester, MASSACHUSETTS BOARD OF HEALTH

The following rules and regulations supercede any previous ones. Rules and Regulations concerning the collection and disposal of refuse within the Town of Rochester as authorized by Chapter III Section 31B General Laws, effective August 1, 1971.

DEFINITIONS

Refuse

1. Rubbish--non-putrescible wastes of a combustible and/or non-combustible character normally produced by the community. Typical rubbish consists of paper, wood, cloth, rubber, leather, synthetics, and any associated products made of these materials; metals, glass, plastics and associated products; ashes and garden debris such as grass, leaves and clippings.

2. Garbage--putrescible wastes derived from the preparation, cooking and serving of foods in the homes and restaurants; from their handling, storage and sale in produce markets.

3. Special Wastes--consists of street refuse, construction wastes, dead animals and bulky objects such as refrigerators, over-large furniture, tree trunks and stumps.

Sanitary Landfill--refuse disposal area where refuse is spread, compacted, and buried beneath a six inch compacted earth seal which is applied after each day of operation.

Combined collection--the collection of mixed rubbish and garbage from the same roadside container.

RULES AND REGULATIONS FOR REFUSE COLLECTION

Collection Zones and Schedules

1. Zone 1. The area west of Neck Road including Neck Road, west of Mendell Road including Mendell Road, South of Rounseville Road, including Rounseville Road, west of Dexter Lane including Dexter Lane as far as the Rod & Gun Club.

2. Zone 2. The areas east of Neck Road, Mendell Road, Dexter Lane and Rochester Center.

Collections will be made in Zone 1 on Tuesdays of each week between 8:00 A.M. and 4:00 P.M.

Collections will be made in Zone 2 on Wednesdays of each week between 8:00 A.M. and 4:00 P.M.

3. General--The collection of rubbish will be throughout the Town along the public ways. Rubbish left on public ways by residents on private ways will be collected in accordance with these regulations.

4. Rubbish will be collected from the following town properties:
Raynor M. Gifford Memorial Park
Rochester Town Hall
Rochester Memorial School
Rochester Fire Station
Rochester Highway Department Barn

Proper Containers--Containers shall be tightly covered, water-tight, tapered sided, galvanized iron or other non-rusting metal or plastic container having handles and a capacity of not less than 10 gallons nor more than 30 gallons per container. No container and contents weighing over 150 pounds, nor any container that may be ragged or have sharp edges will be collected. An approved plastic bag, properly tied and of like capacity and weight, may be used in lieu of a rigid container.

REFUSE TO BE COLLECTED

1. Garbage--Garbage shall be placed with rubbish. Corn husks, oyster, clam and lobster shells may now be deposited for collection with ordinary food wastes. These wastes shall be well drained of free water, and wrapped tightly in newspaper, bag, plastic or other, and placed in the same tightly covered container as the rubbish.

2. Rubbish and garbage shall be placed in the same container. Containers are subject to the restrictions described in the section on Proper Containers.

3. Materials placed in containers will be packed so as to be easily emptied.

4. Paper Cartons shall be collapsed and tied in bundles weighing not more than 50 pounds. A bundle of cardboard will be collected in lieu of one container.

5. Magazines and Newspapers must be in a proper container.

6. Brush and tree trimmings shall be securely tied in bundles, 4 feet or less in length, and capable of being handled by one man. A bundle of this will be collected in lieu of one container.

7. Bulky objects, loose materials, automobile bodies and dead animals will "not" be collected by the Town.

Locations and number of Containers--refuse to be collected

must be put in covered containers, subject to the restrictions described earlier, and placed on the outside edge of the sidewalk, or if there is no sidewalk, at the outside edge of the property line, before 7:00 A.M. on the day specified for collection. All containers must be removed from the collection site by 7:00 P.M. on the specified day. The Collector shall not be required to collect rubbish of any type in excess of four (4) barrels weekly from each residence, and eight (8) barrels from each commercial or non-residential place and town owned land listed under Zones of paragraph 4.

OTHER PROVISIONS

1. Private scavenging on the streets is prohibited and no person shall overhaul the contents of receptacles of refuse set aside public ways for collection.

2. All private trucks hauling refuse over public ways to the disposal area shall use a tarpaulin or other suitable cover to prevent littering the highways.

3. Complaints and requests for service are to be made to the clerk of the Board of Health in writing.

RULES AND REGULATIONS FOR REFUSE DISPOSAL

Location of Disposal Area

1. Private disposal areas--No public or private premises within the Town of Rochester shall be used as a dump without permits from State and Town Health Agencies.

2. Town Disposal Area--The Town disposal area is operated as a sanitary landfill and is located off High Street. Access to the site is along an access road. The gate to the site is located on High Street.

OPERATING HOURS

The Refuse Disposal Area shall be open Tuesdays, Wednesdays, Saturdays and Sundays from 8:00 A.M. to 4:00 P.M. until further notice. The Refuse Disposal Area will be closed on the following holidays: New Year's Day, Independence Day, Thanksgiving Day, and Christmas Day.

Enforcement

1. Privilege Stickers or Special Permits "must" be obtained before using facilities.

2. Special Permits and/or Privilege Stickers may be obtained only at the Town Hall.

3. All refuse is to be dumped where the dumpkeeper directs.

4. Dumping in unauthorized areas and during hours other than the scheduled operating hours is prohibited and subject to a fine of fifty dollars (\$50.00).

5. Any person shall remove himself and/or vehicle owned by him or under his control when ordered to do so by the dumpkeeper.

Refuse Allowed

1. Sanitary Landfill--rubbish, garbage, demolition and construction wastes, such as cement, plaster, etc., dead animals, stoves, refrigerators, and furniture will be allowed in the disposal area.

Rubbish and garbage should be deposited at the active face of the landfill area, unless otherwise directed, but the other refuse will be directed to special areas of the disposal site.

2. Stump Disposal Area--Stumps, logs, 4' or less in length, brush 8' or less in length may be dumped in specified areas. The dumping of other than the specified materials in this area is prohibited.

3. Boulders, stone, clean fill type material shall be dumped as directed.

4. General--

a. Refuse of a rubbish or garbage type will be accepted from private contractors only if that refuse is generated within the Town of Rochester and if the contractor follows these rules and regulations.

b. A private contractor or individual engaged in construction or demolition operations who wishes to use the Disposal Area "must" first make arrangements with the Town of Rochester for the disposal of the incurred refuse for each and every operation.

c. A private contractor or individuals engaged in land clearing shall not be permitted to utilize Rochester landfill operation except for the disposal of chipped material.

The above rules and regulations were adopted as per Board of Health, August 16, 1971.
